

3725 Dunlap Street North, Arden Hills, MN 55112 | P 763.535.2498 | F 763.535.9476

PREPRESS DEPARTMENT

We're fluent with all versions of publishing software – InDesign, Illustrator, Photoshop and Quark for Mac and PC platforms. Every prepress workstation is equipped with plenty of digital horsepower. Our secure FTP website is available 24/7, so sending your files is easy from anywhere in the world.

A Heidelberg Prinect® Workflow System seamlessly integrates our entire facility, boosting the efficiency of our work with greater process transparency to accelerate the flow of your entire project. We use open standards (JDF and PDF) to speed production, increase reliability and enhance the quality of every printed output.
